Move by Lynette Martinez and second by Ray Johansen to approve Mr. Eliot Alvarenga as Chairperson of the NPHS School-Site Council for the remainder of the 2023-24 school year.

Ayes 10 Nays 0 Abstain 0 Absent 2

- Review of Equity Multiplier Funding Plan for 2024-25

North Park Continuation was identified for Equity Multiplier based on nonstability and percentage of socioeconomically disadvantaged pupil rates. Through professional development, coaching, social services support, online tutoring, and parent engagement activities, North Park will provide support to succeed that focuses on closing equity gaps for identified student groups performing in the “very low” category in mathematics, suspension rates, and college career readiness, as evidenced on the California School Dashboard.

The plan developed in consultation with North Park Continuation’s Leadership Team, followed a review of results summarized on the California School Dashboard. These results, identified as “very low”, were instrumental in shaping Goal 5: Smarter Balanced Summative mathematics assessment, administered to 11th graders, for socioeconomically disadvantaged students, suspension rate for students with disabilities, and College Career Indicator for all students, homeless, socioeconomically disadvantaged, students with disabilities, and Hispanic. The North Park Continuation’s School Site Council members, including teachers, parents, students, and the site principal, then reviewed the goal, metrics, actions, and budget, underscoring the importance of their role in this process.

Actions Action #	Title	Description	Total Funds
1	Professional Development and Coaching	Professional development and ongoing coaching provided throughout the school year. Topics to be addressed include restorative justice practices, trauma-informed practices, project-based learning, and equitable grading practices.	\$150,000
2	Social Services Support	Social services support to provide individualized or small group crisis intervention, develop intervention strategies to increase academic success, assist with conflict and anger management, and assist staff in understanding factors that may affect student performance and behavior. The school will prioritize services for students with disabilities identified for suspension.	\$100,000
3	Online Supports	Online tutoring will address individual students' learning styles and personal preferences, offer flexible scheduling and access to a wide range of knowledge, and encourage confidence-boosting interactions. Intervention staff will prioritize services for the socioeconomically disadvantaged in mathematics.	\$100,000
4	Family and Community Engagement	Family and community engagement activities will address the steps to establish strong relationships with families of students with disabilities. These activities will establish a partnership to provide parents of identified student groups with hands-on workshops, seminars, and ongoing support. Workshops for families and students will include topics on available college and career resources and how to assist all students, homeless, socioeconomically disadvantaged, students with disabilities, and Hispanics in post-secondary choices.	\$39,939

Ms. Lynette Martinez concurred with supporting our NPHS teachers with professional development to keep them up-to-date on the best practices of instruction. Ms. Tracie Evrigenis said providing our teachers with instructional strategies will better support student learning. Ms. Evrigenis expressed interest in providing training for NPHS teachers in supporting English Learners. The NPHS School-Site Council members agree that the components of the Equity Multiplier Plan support the needs of NPHS students and community.

- Approval of Equity Multiplier Plan for 2024-25

Move by Lynette Martinez and second by Ray Johansen to approve the LCAP Equity Multiplier Plan.
